## THE THEATERS

Maurice Costello and Mary Charleston are on the Bijou screen today in a two part Vitagraph feature "ETTA of the Footlights." The struggles of Etta in making her way upon the stage against many difficulties that beset her opens up many phases of the life of an actress. This is an unusually high class and intensely interesting drama of an actress' life struggle.

Wednesday "The Redemption of David Corson," a six part Famous will be on the Bijou screen with William Farnum in the leading part. Hearst-Selig Pictorial No. 23, will also be shown Wednesday.

While rehearsing a photoplay of "The Virginian," Winnifred Kingston the leading woman, fell into a river and struck her head, stunning herself. Dustin Farnum, who was playing the hero, made himself into a real hero by jumping promptly in and rescuing her, in the presence of a large and cheering crowd, who were watching the picture players.

The Orpheum photoplay theater is presenting today a two reel Reliance Western feature entitled "For the Sake of Kate," an exciting drama featuring a group of clever actors, including Robert Harron, and Max Marsh. Two other pictures are also shown, "Acres of Alfalfa," a split reel subject which is interesting as an advance method of presenting educational matter and is interwoven with a delightful comedy. "Beyond the City," a thrilling American drama with great moral strength. William Gawwood and Vivian Rich have the leads.

Tomorrow's show includes a four

### Words of Praise

For May's Wonderful  
Stomach Remedy

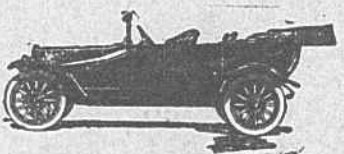

"How thankful we are to you for getting a hold of your wonderful Remedy. My wife could not have had but a short time to live if she had not taken your Wonderful Remedy when she did. One more of those paroxysms pains she was having would have killed her without a doubt. Now she is free from all pain, free from heart trouble and free from that disturbing Neuralgia—all the results of five or six hundred Calomel treatments—and Stones. Now she is able to eat anything she wants and her appetite is good and before taking your medicine she had no appetite and when she ate anything she would suffer death for so doing and could not sleep at night since taking your treatment she sleeps well all night long. T. A. NEALL, Roanoke, Texas."

The above letter should convince you more than anything we could say in behalf of May's Wonderful Stomach Remedy. Sufferers should try one dose of this Remedy—one dose should convince them that they can be restored to health. Nearly all Stomach Ailments are caused by the clogging of the intestinal tract with mucous and catarrhal secretions allowing poisonous fluids into the Stomach and otherwise deranging the digestive system. May's Wonderful Stomach Remedy painlessly removes these secretions without a surgical operation and puts an end to Colic Attacks, Gas in the Stomach and Intestines and all of the usual symptoms of Stomach, Liver and Intestinal Ailments. Ask your druggist about May's Wonderful Stomach Remedy or send to Geo. H. May, Mfg. Chemist, 154 Whiting St., Chicago, Ill., for free booklet on Stomach Ailments and many grateful letters from people who have been restored.

There is more car  
value in the  
Studebaker SIX  
than in any other  
"Six"

Because we manufacture a larger proportion of its parts than any other manufacturer produces for his car.

Every piece of steel used in it is made by a special Studebaker formula, and all parts are heat treated from two to four times during manufacture.

We actually create greater value in the Studebaker light-weight SIX'S parts than the makers of assembled "Sixes" can buy.

We can afford to embody highest quality in each of its parts because Studebaker builds 50,000 cars. Each car carries only one fifty-thousandth of the Studebaker overhead expense.

We are content with a smaller manufacturing profit per car, because our large production even matters up.

Send for the Studebaker Proof Book, describing Studebaker manufacturing methods.

## YOUNG DAUGHTER OF N. Y. SENATOR WINS HONORS AT SCHOOL

Miss Agnes O'Gorman.

Miss Agnes O'Gorman, youngest daughter of Senator and Mrs. James A. O'Gorman of New York, won the Loretta medal, which is the highest honor bestowed upon a student by the Georgetown Convent School at Washington, from which she has just been graduated. Miss O'Gorman delivered the salutatory address at the graduation exercises.

part special feature entitled "What the Gods Decree," and a side-splitting comic comedy, "Nell's Eugenic Marriage." It is a pleasure to watch the show as a cool breeze is supplied by the many suction and wall fans that pump thousands of cubic feet of sterilized air through the building every minute and many people actually go there to escape the heat and to get cooled off.

The Selig Polyscope Company has received a very valuable consignment of unusual and interesting films from our far island possessions that show the habits and customs of the Aborigines, in very vivid fashion. This series of film is considered a very valuable addition to the great and growing catalogue of Selig educational which is the most unique and comprehensive of any film collection in the country.

W. A. Brady will next season make a production of "The Decent Thing to Do" and "The Elder Son." He will have other interests, including a number of companies sent out in current successes.

At the Odeon theater today is Mary Fuller in "The End of the Umbrella," seventh of the series of "Dolly of the Dailies." This series is said to be the best one yet of this popular little actress.

The Odeon is also showing a dandy Kalem feature in two parts entitled "The Detective's Sister."

The vaudeville acts are the best of the season. Summers and Gonzalez in the tango and other fancy dances are by far the best seen here in a long time.

George Barron, the English comedian, is also very clever.

The Vitagraph Company, under the direction of James Young, is producing the historic play of "David Garrick." This production will possess not only great dramatic power, but the most gorgeous costumes ever worn by any players on the stage or in moving pictures. Mr. Young, who has played in "David Garrick" himself, and made a special study of the drama, will leave nothing undone that will tend to make it a masterpiece and the greatest feature production of the past and present eras.

Grace George is among the stars seeking pleasure and rest in a vacation in Europe.

A woman writer, of Los Angeles, is to write a play on sociological lines for Olga Nethers.

Julian Eltinge has gone to Europe for his vacation. He will begin a second season in "The Crinoline Girl" on Labor Day.

In reply to numerous inquiries as to the withdrawal of Sidney Ayres from "Flying A" Mutual Movies, it is stated at the general offices of the American Film Manufacturing Company in Chicago that Mr. Ayres has been promoted to the rank of producer, but that he will appear from time to time in the photoplays which he will direct.

David Warfield has closed his season in "The Auctioneer." He will continue in this play next season, as its revival has been attended with much success.

Kitty Gordon will join the vaudeville ranks at what is said to be a fabulous salary, in a sketch written for her by Jack Lait, author of "Help Wanted."

All the theater managers in the United States and Canada are to be invited to a convention to be held in New York this month. The purpose of the association to be formed is announced as of a protective nature.

Cohan & Harris will produce, late this month at Atlantic City, a new play, author not named. It is entitled "Wanted, \$20,000," and in the cast are Russ Whytal, George Nash, Ernest Glendinning, Richard Sterling and Desmond Kelley.
